

ORIGO Academy for Mathematics Education

A six-day academy of learning designed to provide mathematics leaders with the knowledge, skills and resources that enable you to become mathematics learning facilitators in their school.

Course Overview:

James Burnett and Dr Calvin Irons are proud to launch the ORIGO Academy of Mathematics Education. This is a brand new professional learning program designed to re-skill and up-skill primary teachers across Australia.

Each participant will receive:

- 40 hours of professional learning — more than a semester's work in most university courses!
- Slides for facilitating one hour of professional learning for each of the 12 modules of the academy.
- Participant workbook for active engagement.
- Morning tea, lunch and afternoon tea on each day.
- Welcome dinner on Day 1 and graduation dinner on Day 6.

	Date <ul style="list-style-type: none">• 18 – 20 August & 23 – 25 August 2021 (6 days in total)
	Where <ul style="list-style-type: none">• North Brisbane

Your Facilitators

James Burnett and Dr Calvin Irons established ORIGO Education in 1995 after identifying the need to meet a growing demand for professional development in mathematics. James and Calvin's vision of making a positive contribution to children's education soon became a reality, and fast forward 25 years, ORIGO Education publishes and covers all facets of primary mathematics education throughout the world.

James and Calvin are passionate about education and as leaders in primary mathematics education they will be facilitating the ORIGO Academy.
